| ** | <p>Extra Expense coverage provides additional coverage in the event of a covered loss for necessary expenses sustained during the period of restoration that you would not have incurred if there had been no direct physical loss or damage to property. For example, if it becomes necessary for you to rent another building at another unnamed location in order to continue your operations during the period of recovery. Two methodologies are being offered to determine your Extra Expense exposure. Which methodology you use is up to you.</p> |
